Minutes
November 13, 1995
San Angelo, Texas

Chair Lynn Farmer called the meeting to order at 2:00 pm with the following members and guests present:

Daryle Coates	Dan Waldron
Gary Vannoy	Terry Blair
Dr. Gil Engdahl	Linnelle Wilson

Chair Farmer shared with the committee the Board of Director comments, relating to granting Ennobled status with only a visual test. Chair Farmer reported that the Directors would like to see the status attained after a multi level test to include: Visual Testing, Performance Testing and "Registry of Merit" points earned in the show ring.

Chair Farmer appointed the following sub committee chairs:

Performance Testing:	Dan Waldron
Show Ring Points:	Norman Kohls/Daryle Coats
Visual Inspection Committee:	Charles Turner/M.D. Shurley

After discussion on the aspects multi level testing, the committee suggests that the term "Improved" be used as an animal passes the visual inspection, and the term "Ennobled" be reserved for the animal who has passed, visual inspection and received points through performance testing and/or through the show ring.

The committee was asked to attend the next meeting of the Board of Directors to present the report. The next meeting of the committee was scheduled for **January 8, 1996, 2:00 pm - 5:00 pm, Conference Room, Texas Agriculture Experiment Station, San Angelo, Texas.** Committee Chairs were asked to have project reports at that time.

There being no additional business, the meeting was adjourned at 5:00 pm.

Respectfully submitted

Lynn Farmer
Committee Chair
